<b>Year 13</b>	<p>Students will be completing remaining units for the second year of their BTEC level 3 National Extended Diploma. They will also be working towards their Unit 1 and 6 exams.</p> <ul style="list-style-type: none"><li>• Unit 1 &amp; 6 Exam units</li><li>• Unit 2, 8, 9, 10, 20, 32 internal units.</li></ul>

## Qualification structure

### Pearson BTEC Level 3 National Extended Diploma in Manufacturing Engineering

#### Mandatory units

There are eight mandatory units, three external and five internal. Learners must complete and achieve at Near Pass grade or above in all mandatory external units and achieve a Pass or above in all mandatory internal units in group A. Learners must complete all mandatory internal units in group B.

#### Optional units

Learners must complete at least seven optional units. Learners must take a minimum of six units from group C. Learners take one further unit from group C or group D. Only two units from group C can be a \* unit (either unit 10, 13, 22, 30 or 36).

**Assessment:** There will be an assessment feedback at the end of each unit. Formative assessment will be ongoing.
